About Us

Driven by quality excellence and innovation, Adinath Controls Pvt. Ltd. has enjoyed a successful and satisfactory journey ever since its inception in the year 1989. It was in this year when a group of brilliant and visionary technocrats came together to give wings to the dream envisioned by them – a dream to provide high-tech process control and allied instruments catering to the needs of several industries. The company was originally formed in the name of Athena Controls (India) Pvt. Ltd., an offshoot of Athena Controls Inc., USA, after entering into collaboration with the US based company.

Today, we are recognized as a reputed manufacturer, service provider and supplier of a wide range of process control and related instruments. The product portfolio of our company includes Digital Temperature & Process Control Instruments, Hot Runner Temperature Controllers, Temperature Sensors, Power Controllers, Melt Pressure Transducers, Cables, Temperature and Power Control Panels, etc. Marketed under the brand name of 'Athena', our products are highly advanced in their features yet simple in operation. We also offer excellent client-centric services that are developed after clearly understanding their varied requirements. These services include erection or commissioning, in-house and on-site repairing of the products and also calibration of temperature controllers & sensors. Thriving on innovation as well as suggestions of our clients, we develop products that are in sync with prevailing standards and advanced technology. A huge base of clients spread throughout the length and breadth of the nation speaks volumes about our concerted efforts to provide high quality products at competitive prices.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	temperature controllers,pid controller,THERMOCOPLE SENSOR,rtd sensors
No of Staff	15
Year of Establishment	1989
OEM Service Provided	No
ProductRange	temperature controllers,pid controller,THERMOCOPLE SENSOR,rtd sensors

Our Products

Temperature Sensors

Auto Tune Temperature

RTD Cable

Thermocouple

ATHENA Hot Runner Temperature

One Half 20 Melt Pressure Transducer

Cartridge Heaters

Melt Pressure Transmitter

Hot Runner Temperature

Temperature Controller

Temperature Controllers

Thyristor Power Controller

Auto Tune PID Temperature

Melt Pressure Transducers

Hot Runner Temperature

Temperature Controllers
