

Avail affordable and reliable Hyko Sanitation Pipe Fittings, Hyko PVC Bore Casing Pipes, Core Pipes, and other products.

With our commitment to excellence, we, Kolns Industries, have established ourselves as a trusted name in the domestic market. We are recognized as a Mathura-based manufacturer and supplier of Core Pipes, Hyko PVC Bore Casing Pipes and Hyko Sanitation Pipe Fittings. Designed to provide strength, stability, and flexibility, the range is ideal for use in underground utility networks, sewerage systems, and various industrial applications.

Our organization is supported by an advanced manufacturing facility where we produce the product range using the finest materials sourced from the market. This facility boasts its state-of-the-art machinery and equipment that provide a significant boost to our manufacturing process. We make sure to upgrade the machinery from time to time in order to stay updated with the changing norms of the industry.

At our company, we prioritize customer satisfaction and aim to provide prompt and efficient service. Therefore, we have hired a team of customer support executives that makes sure to build long lasting relationships with our clients. They constantly communicate with them to better interpret their needs. Understanding the importance of reliable and timely deliveries, we also recruit a logistics team that ensures that orders are delivered to the customers in excellent conditions.

Quality Assurance

In the past two decades, we have been able to establish a unique identity for ourselves in the market due to our commitment to quality assurance. We have developed a sophisticated quality control unit where our quality auditors monitor every aspect of our operations, from procurement of the finest raw materials to the complete manufacturing process. Furthermore, every manufactured product is thoroughly tested on various parameters including their design, performance and others under their able supervision.

Our Team

We understand that a strong team drives an organization towards success and that is why we have hired a team of experts that strives to maintain excellence in our operations. They engage in regular conversations with our valuable customers to understand their exact desires and needs. With this knowledge, they design and develop products that guarantee their satisfaction. The exceptional nature and quality of our products attract customers to make bulk purchases. To ensure efficiency, our team of professionals works tirelessly in executing the production process, delivering excellent quality products including Hyko PVC Bore Casing Pipes, Hyko Sanitation Pipe Fittings and Core Pipes.

Why Choose Us?

The following points have allowed our organization to become the top choice of different clients:

- Team of experts: Experienced team members who are responsible for carrying out essential operations.
- Wide-spread distribution network: A large distribution network that allows us to deliver our products across the country.
- Usage of advanced machinery: Use of the latest machinery and equipment in our manufacturing process.
- Affordable Pricing: Resorting to an affordable pricing policy for boosting client satisfaction.
