## About Us

ARUN ENTERPRISES was formed 18 years ago with an objective of making esteemed customers available with power efficient electrical equipment such as transformers and circuit breakers. Incorporated in the year 2000, we are working as trusted Exporter, Manufacturer, Service Provider, Wholesaler/Distributor, Supplier and Trading Company of Power Transformers, Power Distribution Transformer, Dry Type Transformers, Vacuum Circuit Breakers etc. that are marketed under the brand name of iPower. The transformers and other products offered by us are of superior quality and are precisely engineered in accordance to the industry standards. Our high performing equipment is a result of dedication of the workforce and utilization of modernized machines.

Along with these electrical equipment, we have also undertaken the Repairing Service of Power Distribution Transformer and Renting Service of Power Distribution Transformer. All our rendered services are highly flexible and can be availed at reasonable prices. Our company works in a smooth manner under the guidance of our mentor Mr. Nitesh Agarwal. His immense industry experience and decision making ability enabled us to acquire a noted position in the market. We have a team of self motivated and skilled professionals like engineers, designers, quality experts, production managers etc. who assure customers with timely delivery and high quality products.
