About Us

Sayali Engineers is a leading name in the field of industrial component manufacturing and supply. Established in 1990 and based in Pune, Maharashtra, we bring over three decades of experience in delivering precision-engineered products for industrial applications. We take pride in our long-standing reputation for quality, innovation, and customer-centric service.

We manufacture and supply a reliable range of products, including Oiler For KEPL, Bearing Oil Analyser, Breather Valve, Float Switch and Sight Glass. Each item is carefully designed and tested to perform under demanding conditions. Our offerings are widely used across various industries, ensuring smooth operations, safety, and efficient fluid control. Our deep industry experience helps us understand the evolving needs of modern industries. We continuously invest in upgrading our manufacturing capabilities and technical know-how to deliver innovative and dependable solutions. Our team of skilled professionals ensures that each project is handled with attention to detail and technical excellence.

While rooted in Pune, our reach extends across India through a robust distribution network. We are trusted by clients from various sectors who rely on us for timely deliveries and consistent quality. With a strong commitment to customer satisfaction, we aim to forge long-term relationships built on reliability and performance.
