

 **EMBROSHYAL**®  
WE ARE EXCEPTIONS

## About Company

We are a group of growth-oriented learners, who are committed to serve our associates in all new ways possible with the help of our skilled team, latest machinery and infrastructure.

Our continuous experience in panel fabrication, metal fabrication, solid wood fabrication, acoustics, interior products, modular furniture and kitchens helps us gain an edge over our competition.

We care deeply about what we do and the impact we have on our clients as well as the community. We are considerate towards our customers feelings.

**Our mission** is to create value for our customers through Reliability and Flexibility. We want our customers to experience warmth and comfort through Respect and Trust.

**Our vision** is to establish **Embroshyal** as the leading brand in the nation. We want to serve our customers to the best of our ability for parallel growth and simultaneously innovate for a better output every day.

# Environmental Health & Safety Policies

- ❖ To integrate health and safety including awareness into business work to prevent accidents, injuries, and occupational illnesses at the workplace.
- ❖ To create a culture and attractive workplace that fosters and develops work health, safety and well being for employees, customers and business partners through admirable housekeeping practices.
- ❖ To Incorporate environmental, health, and safety safeguards into the development and design of our products and services, with the assistance of external partners and industry associations.
- ❖ To continuously improve our environmental, health, and safety performance, including pollution prevention and hazard reduction, in order to ensure a sustainable environment.
- ❖ To be responsible environmental guardians by working sustainably toward continuous improvement and innovation.
- ❖ To manage and act responsibly with regard to our company's environmental footprint.
- ❖ To follow appropriate hiring process in compliance with law.
- ❖ To provide suitable fire safety and equipment malfunction training by following departmental norms.
- ❖ To comply with all applicable laws, regulations, and other requirements to which we are subjected and establish our own standards where regulations may not be considered adequate or do not exist.
