About Us

Refcon Steels is a Mumbai, Maharashtra based Trader and Supplier of quality stainless steel and carbon steel products, established in 2025 to serve the evolving requirements of industrial and commercial buyers. We offer a comprehensive range of products including Stainless Steel Sheet, Carbon Steel Flange, Stainless Steel Angle, Stainless Steel Coil, SS Seamless Pipe, SS Hex Bar, SS Nut Bolt, and much more. Our focus is on supplying dependable products that support fabrication, engineering, construction, infrastructure, manufacturing, maintenance, and various industrial applications. We work to understand individual customer requirements and provide suitable material options in terms of product type, dimensions, finish, and quantity.

We believe that consistent product quality, responsive service, transparent communication, and timely coordination are essential to building lasting business relationships. Our trading and supply capabilities enable us to cater to diverse requirements while maintaining a customer focused approach. Based in Mumbai, one of India's major commercial and industrial hubs, we are strategically positioned to serve customers across different markets. As a growing enterprise, Refcon Steels aims to expand its product portfolio and strengthen its presence through dependable sourcing, professional service, and long term customer relationships.
