About Us

Plastech Solutions exhibits its core capabilities as a solution provider excelling in the field of Automation and Plastic Industries. The operations of the company were initiated at a small scale by Mr. Ajay V. Zod who has catapulted the firm to a well-recognized name that delivers the highest standard of quality and business performance today. Banking on his strategies built around accountability, resilience and responsiveness, the company has grown in strength and stature as a manufacturer and service provider, and is currently serving numerous clients from sectors like Agriculture, Automation, Electrical, Automotive, etc.

As one of the top solutions providers in its segment, the company deals in various products, including but not limited to Sandwich Toaster, Flip Top Cap, Mini Griller, Face Shield, Nylon Flocked Swab, Tube With Cap And Dropper, etc. Going strong in the segment since 2006, the company also renders professional PLC Retro Fitment Services and services related to Repair & Maintenance of Electronic Cards.
