## About Us

Welcome to RS Carpets And Rugs, a renowned company in India and abroad which is popular for its exquisite textile craftsmanship. Since our establishment in 2019, we have been manufacturing a beautiful collection of Ladies Sling Bags, Braided Round Rug, Floor Rectangular Carpets, Sofa Modern Cushions, Designer Dhurrie, etc. We have a team of designers who design the products as per the latest market trends. By using good quality fabrics and other raw materials, the products are made in compliance with the global standards. As our products are exported in different parts of the world, we make sure that goods are designed keeping in mind the international standards.

With the help of our business associates and team members, the company has grown tremendously and attained a strong foothold in the Indian and international markets. The designs we introduce in the market are unique, attractive and trendy which enhance their demand amongst the buyers. Considering the diverse needs of the customers, we manufacture the products in various colors, designs, styles and sizes. In hotels, restaurants, homes, resorts, offices and other such places, our products are widely used. We very well understand the growing demands of the clients which makes us a client-oriented manufacturer, exporter and supplier.
