About Us

Hard work and dedication never go waste and Raj Electricals is its true example. The company has been working since 1986 and attained a sustainable position in the market as a manufacturer and supplier. The products we are bringing forth to fulfill the requirements of the clients include Food Waste Shredder, Squeezing and Recovery Machine, Core Cutting Machine, Ink Proofing Device, Cardboard Shredder Machine, etc. All these products are the perfect combination of latest technologies and excellent performance. The whole assortment is engineered by our team of talented and skilled professionals by using quality assured materials and components. By using our wide network of distribution, we ensure safe and swift delivery of all the aforementioned machines and equipment. In different specifications, the clients can avail our products at competitive rates.

It has been more than 3 decades that Raj Electricals has maintained its reputed position in the domestic market by supplying an unparalleled range of Squeezing and Recovery Machine, Food Waste Shredder, Core Cutting Machine, etc. All the industrial machines are integrated with hi-tech components which enhance their performance as well as operational life. The company has a quality controlling department which is supervised by experienced professionals. On the basis of different parameters like operational efficiency, corrosion resistance, simple installation, etc. the whole range is examined.
