About Us

Established in 2016 and headquartered in Pune, Maharashtra, Bhingooz Techex Solutions India Pvt. Ltd. has emerged as a trusted name in the field of advanced technological solutions. As a service provider, manufacturer, and exporter, we are committed to delivering innovative, reliable, and high performance products that cater to diverse industrial, commercial, and institutional needs. We specialize in a wide array of cutting edge solutions, including AC Centralized Controller, Digital Projector, Sound Woofers, Access Reader Machine, Network Signal Jammer and much more. Our product portfolio is designed to enhance operational efficiency, ensure security, and provide seamless technological integration for our clients.

Our dedicated team of professionals combines technical expertise with a deep understanding of market demands, ensuring that every solution we offer meets the highest standards of quality and performance. From conceptualization to manufacturing and after sales support, we maintain a client centric approach, focusing on delivering value and fostering long term relationships. With a strong presence both domestically and internationally, we continually strive to expand our reach while staying at the forefront of innovation. Our mission is to empower businesses with reliable technology, transform spaces with smart solutions, and consistently exceed customer expectations.
