About Us

Knovocon Private Limited, which has received ISO 9001:2015 certification in its journey, is a company with a high reputation in the market. We believe in carrying out business tasks with innovation and technology, and this makes us supply a remarkable range of industrial products. As a manufacturer, we have expertise in supplying PLC-HMI SCADA Control Panel, 3 Port Solenoid Valve, Brake Coil, Conveyor Belt, Cement Silo Accessories, S Beam Load Cell, Dust Collector, and many other products. With the support of our team, which has years of industry experience and professionals with a highly motivated mind, we develop our entire product line as per industry standards. We have a highly dedicated and energetic team that stays cognizant of the market and the requirements of customers. Check out our product range and get in touch to learn more about our offerings!

Knovocon Private Limited introduces itself as a reliable manufacturing company with excellence in local supply as well as export of products such as Bulker Unloading System, Butterfly Valves, Cement Silo Feeding System, Weight Indicator, Cement And Fly Ash Silo, and many other products. From our setup in Kolkata, West Bengal, India, we cater to the global market requirements in a remarkable manner.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	scada control panel,industrial automation service,electric control panel,twin lobe roots blower,cement feeding pump,bulker unloading system,storage silos,fly ash silo,cement silo,
No of Staff	15
Year of Establishment	2021
OEM Service Provided	No
ProductRange	scada control panel,industrial automation service,electric control panel,twin lobe roots blower,cement feeding pump,bulker unloading system,storage silos,fly ash silo,cement silo,

Our Products

Batching Weigher

Fly Ash Silo

Bulk Unloading Systems

Dual Feeding System

Microprocessor Based Control Panel

Industrial Cement Bulk Unloading

Storage Silo

MICRO SILICA SILO

Horizontal Silo

CEMENT AND FLY ASH SILO

Bulk Unloading System

Butterfly Valves

Vibrating Aeration System

Cement Silo

Dust Collector

Twin Lobe Roots Blower
