About Us

Catering to the needs of varied industries like automotive, packaging, medical, electrical, textile/ film technology, Johnson Plastosonic (P) Ltd. started its operation in the name of M/s National Indosonic. The company commenced its activities by offering services in the field of Ultrasonic Plastic Welding Machine. Later in the year 2007, we transformed into a pvt. ltd. unit from an enterprise. In the year 2001, we developed our first Ultrasonic Plastic Melding Machine.

Johnson Plastosonic has emerged as a prime manufacturer of varied ultrasonic products, for example, Ultrasonic Metal Welding Machine, Ultrasonic Plastic Welding Machine, Ultrasonic Liquid Processor and many more. These systems are highly used by distinctive industries to weld, process and treat both plastic and metal materials for effective strength, durability and performance. All of our products are delineated by the experts, who hold extensive industry experience and research on recent trends to provide only the best to our patrons. Besides, our company is facilitated with well-equipped infrastructure and R&D department, which work in synchronization to produce only quality and reliable products for varied requirements.

Key Facts

No of Staff	10
Year of Establishment	2001
OEM Service Provided	No
Memberships	MCCIA

Our Products

Booster Horn For Chinese Ultrasonic

Ultrasonic PP Box Welders

Ultrasonic Sewing Machines

Ultrasonic Generator

Horn Converter For Chinese Machines

Ultrasonic Cutter Systems

Floor Type Welding Machine

Ultrasonic Sweet Cutter Machines

Ultrasonic Pp Box Welding Machine

Ultrasonic Rotary Table Machines

ULP Probe Sonicator

Multi Head Ultrasonic Welders

Ultrasonic Liquid Processor ULP

Ultrasonic Tube Sealing Machine

Ultrasonic Hand Guns

UWHG Ultrasonic Welding Hand Gun

ADDRESS

**83/2, Shivane Industrial Area,
NDA Road, Anantnagar, Pune,
Maharashtra, India (411023).**
