

**NOBLE ALCHEM PVT. LTD.**

**Dealing In A Wide Range of Chemical products such as  
Potassium Silicate Anhydrous, Potassium Silicate Liquid, Potassium  
Titanate Of Welding Electrode Grade, Etc.**

# About Us

---

---

**Noble Alchem Pvt. Ltd.** began its business in **1986** as a **manufacturer** of premium range of chemical products. We are experts in catering to the wide requirements of **Potassium Titanate and Potassium Silicate of Welding Electrode Grade**.

Experienced workforce and modern machinery has helped us in becoming one of the best manufacturing units in India. We acquire only high grade raw material from vendors across the globe to develop unmatched quality products.

Integrity, hard work, sticking to deadlines and ability to meet our commitments to consumers, trade and community has earned us remarkable accolades across the globe. Our production unit is supported by well furnished labs and talented technicians to deliver products as per the international standards. This has aided us in successfully meeting the demands of clients worldwide.

To establish ourselves as the most reliable supplier of titanates and silicates to some of the best buyers across the globe, produce quality products, remain sensitive towards environment and ensure proper care to all employees.

With a humble beginning in 1986, Noble Alchem Pvt. Ltd. has established a reputation of premium spectrum of chemical products. Through continuous improvement practices and manufacturing facilities, we have acquired competence in manufacturing Silicates and Titanates for Welding Electrodes. All products are formulated in our advanced manufacturing facility which is fitted with latest machines, technology and advanced quality testing instruments. Continuously checked at all the stages, our products are assured of effectiveness, reliability and satisfaction. It is such factors that lead us to provide premium quality chemicals to the customers. Our chemicals are reckoned for their purity, effectiveness, long shelf life and pocket-friendly prices. They are used

## Key Facts

---

---

**Nature of Business:** Exporter, Manufacturer & Wholesaler

**Year of Establishment:** 1986

# Our Products

Potassium Silicate Glass

Potassium Silicate Solid

Potassium Silicate Lumps

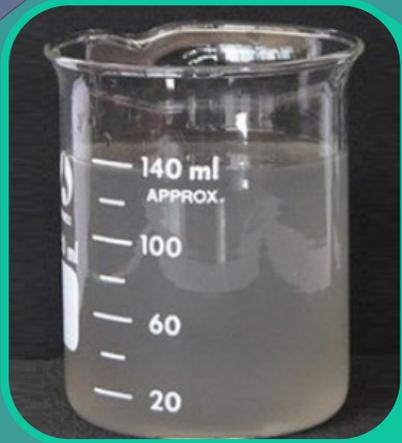

Potassium Silicate Powder

Water Soluble Potassium Silicate

Potassium Silicate Powder for Agriculture Products

Potassium Silicate For Brick Lining

Potassium Silicate Liquid

Potassium Silicate Solution

**Potassium Silicate  
Liquid For Silicate Paint**

**Potassium Silicate  
Powder For Refractory**

**Potassium Silicate  
Liquid For Geopolymer**

**Potassium Silicate  
Solid Glass**

**Potassium Silicate  
Liquid-Premium**

**Potassium Mixed  
Silicate Liquid**

**Potassium Silicate Liquid  
For Agriculture Products**

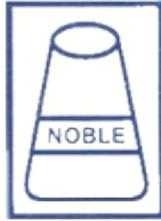

**Potassium Silicate Liquid  
For Welding Electrode**

**Sodium Silicate  
Titanate Powder**
