About Us

Founded in 1999, Power Bank India, is serving Single Phase Servo Voltage Stabilizer, Industrial Air Cooled Servo Stabilizer, etc. Our business entity is indulged in producing and serving a wide series of stabilizers that are modernly designed to suit several electrical appliances. Our manufacturer and exporter based company in Ghaziabad, Uttar Pradesh, India, meet latest market requirements. We entered in the field of producing stabilizers as we completely understand that voltage fluctuations are common & supremely high in power lines. This can destroy electrical appliances like refrigerators, air conditioners as well televisions, etc. The fluctuation can result in seriously affecting equipment, leading to permanently damage. Knowing this, we, have come into existence strongly committed to produce highest quality and standard voltage stabilizers made as per customers requirements.

Our engineers design and develop stabilizers implementing latest technology as well as rigorous quality measures so as to properly safeguard all kinds of electrical appliances. Our wide line of stabilizers come with various attractive traits such as indicators, mounting, overload protection as well as time delay systems to accurately balance the current flow.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	servo sabilizer

Year of Establishment	1999
No of Production Lines	1
OEM Service Provided	No
ProductRange	servo sabilizer

Our Products

800 KVA Oil Cooled Servo Voltage

300 KVA Industrial Servo Stabilizer

35 KVA Servo Oil Cooled Digital

75 KVA Oil Cooled Servo Voltage

63 KVA Oil Cooled Servo Voltage

40 KVA Oil Cooled Servo Voltage

35 KVA Oil Cooled Servo Voltage

60 KVA Oil Cooled Servo Voltage

250 Kva Oil Cooled Servo Voltage

30 KVA Oil Cooled Servo Voltage

Industrial Three Phase Servo Stabilizer

300 KVA Servo Stabilizer Oil Cooled

400 Kva Servo Stabilizer Oil Cooled

2000 KVA Servo Stabilizer

630kva Oil Cooled Unbalanced Type

Oil Cooled Automatic Single Variac Type
