

CHEMCORRO TECHNOLOGY

Chemical Process Pump- Plastic Pump

We Chemcorro Technology has become pioneer Manufacturer/supplier of Chemical Process Pump & Monoblock Pump, We maintain complete transparency in all the dealings and are known for providing cost-effective & highly efficient scientific solutions to emerging requirements of the industry. We continuously strive for synergy between the quality, economy and environmental objective.

We provide all the services associated with it and act as One-Stop solution provider.

MOC of PP/PVDF/PFA/FEP

We are Manufacturer/Supplier of Chemical Process Pump in MOC of PP/PVDF/PFA/FEP.

Mounting:- Horizontal Coupled, Vertical Coupled & Monoblock.

Technical Specification:- Low Capacity Pump

Flow Max.	20M ³ /Hr.
Head Max.	30M
Power	01 – 05 HP
Suction Size	25-50 MM
Discharge Size	25-50 MM
RPM	2900

Technical Specification:- High Capacity Pump

Flow Max.	35M ³ /Hr.
Head Max.	40 M
Power	03– 12.5 HP
Suction Size	50-75 MM
Discharge Size	50-75 MM
RPM	1440/2900RPM

Technical Specification:-

Flow Max.	150M3/Hr.
Head Max.	70 M
Power	Upto 40 HP
Suction Size	75-100 MM
Discharge Size	50-80 MM
RPM	1440/2900RPM

Monoblock Pump(PP/PVDF)

Our product PP/PVDF Monoblock Pump designed by our expert technical team who has carefully understanding of the components and the functional features of these pumps.

Technical Specification:-

Flow Max.	20 M3/Hr.
Head Max.	30M
Power	0.5 – 5 HP
Suction Size	25-75 MM
Discharge Size	25-50 MM

Features:

- ✓ Compact Design.
- ✓ Fitted with Mechanical Seal.
- ✓ Shaft is in EN-8/SS-304 / 316
- ✓ Easy to Operate.
- ✓ Easy availability of spares part.
