

INDUSTRIAL FLOW METER

400mm Electromagnetic Flow Meter, BTU Meter, Digital Electromagnetic Flow Meter, Digital Flow Meter Calibration Service on site/offsite, Digital Oval Gear Flow Meter, Digital Ultrasonic Flow Mini Meter, Digital Water Flow Meter, Double Flange End Magnetic Flow Meter, Handheld Ultrasonic Flow Meter, Industrial Electromagnetic Flow Meter, Industrial Ultrasonic Die Cast Waterproof Flow Meter, Insertion Ultrasonic Flow Meter, Mag 25 Union End Connection Electromagnetic Flow Meter, Mag Flux-A Magnetic Flow Meter, Mechanical Water Flow Meter, etc.

**MAG FLUX-A MAGNETIC FLOW
METER**

**400MM ELECTROMAGNETIC FLOW
METER**

**INDUSTRIAL ELECTROMAGNETIC
FLOW METER**

About Us

Our company, Universal Flow System Inc, has a vast clientele from several important industries that depend on us to deliver the best-quality products. Since the year 2023, we have been a well-recognized manufacturer, supplier and trader of a unique assortment of products. The various products in our exclusive collection include Industrial Ultrasonic Die Cast Waterproof Flow Meter, Threaded Turbine Flow Meter, Double Flange End Magnetic Flow Meter, Portable Ultrasonic Handheld Flow Meter, Digital Oval Gear Flow Meter, etc. We ensure that all of our products meet or exceed the highest quality standards before delivering them to customers. We also conduct a comprehensive examination of the market, and try to keep our product prices as economical as we can. Additionally, as a service provider, we provide top-notch Calibration Service.

The outstanding quality of our product line is the key factor in why our company, Universal Flow System Inc, has maintained a strong position in the market. Maintaining the highest quality standards across our whole product line, which includes Plastic Body Electromagnetic Flow Meter, Thermal Mass Flow Meter, Parallel Plug In Ultrasonic Flow Meter, Ultrasonic Type Digital Water Meter, Ultrasonic Stainless Steel BTU Meter, etc., has been a top focus for us ever since we started operating. We have been selling our products to clients at much more affordable prices than our competitors in the industry. Furthermore, we have our facility based in the city of New Delhi, Delhi, India, where we precisely manufacture our products and promptly deliver them to the clients.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	vortex flow meter,gas flow meter,oil flow meters,ultrasonic flow meter,air flow meter,electromagnetic flow meter,flow meter
No of Staff	7
Year of Establishment	2023
OEM Service Provided	No
ProductRange	vortex flow meter,gas flow meter,oil flow meters,ultrasonic flow meter,air flow meter,electromagnetic flow meter,flow meter

Our Products

Open Channel Flow Meter

Threaded Turbine Flow Meter

Oil Vortex Flow Meter

Oval Gear Flow Meter

Steam Flow Meter

Digital Electromagnetic Flow

Double Flange End Magnetic Flow Meter

Plastic Body Electromagnetic Flow

Stainless Steel Screwed End

Stainless Steel Electromagnetic Flow

Digital Oval Gear Flow Meter

Thermal Mass Flow Meter

Turbine Flow Meter

Vortex Air Flow Meter

Handheld Ultrasonic Flow Meter

Mag 25 Union End Connection

ADDRESS

House No. – Rz-864, Gali No-
5/10, Main Sagarpur, New Delhi,
Delhi, India (110046).
