

SEWAGE TREATMENT PLANT

Quality Of Our Products,
Speaks On Our Behalf

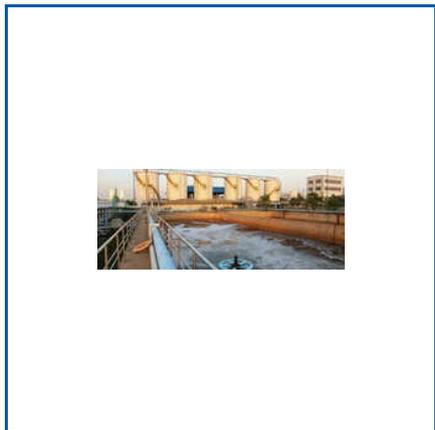

AquaPure Demineralization Water Treatment Plant, CleanWater Pro Effluent Treatment Plant, De Mineralization Plant, Demineralization Water Treatment Plant, Gravity Filtration Plant, Industrial Effluent Treatment Plant, Industrial RO Plant, Industrial Sewage Treatment Plant, Industrial Ultra Filtration System, Industrial Water Treatment Plant, Package Sewage Treatment Plant, PureDrop Ultra Filtration System, SS RO Plant, Water Treatment Plant With Softener, etc.

CLEANWATER PRO EFFLUENT TREATMENT PLANT

INDUSTRIAL EFFLUENT TREATMENT PLANT

INDUSTRIAL WATER TREATMENT PLANT

About Us

CWWS India Private Limited is a trusted manufacturer, service provider and supplier of advanced water and wastewater treatment systems, established in 2012 and headquartered in Pune, Maharashtra, India. We specialize in delivering engineered solutions that help industries manage water resources efficiently while meeting environmental and operational objectives. Our systems are designed to support sustainable practices through reliable treatment performance. We offer a complete portfolio of water and wastewater treatment systems including Industrial Effluent Treatment Plant, Industrial Water Treatment Plant, Package Sewage Treatment Plant, Industrial RO Plant and Gravity Filtration Plant. Each solution is developed to ensure process stability, effective contaminant removal, and smooth integration into industrial operations. Our plants are suitable for diverse sectors requiring dependable water management systems.

Our strength lies in combining technical knowledge with on-ground execution capabilities. Over the years, we have developed a deep understanding of industrial water treatment challenges and compliance requirements. This enables us to design solutions that are functional, efficient, and adaptable to varying operational conditions. Every project is approached with careful planning and engineering precision. Quality is embedded at every stage of our manufacturing and service process. From system design and component selection to fabrication and testing, strict quality parameters are maintained to ensure long-term reliability. Our plants are engineered for consistent performance, ease of operation, and optimized maintenance, supporting uninterrupted industrial processes.

Key Facts

No of Staff	100
Year of Establishment	2012
OEM Service Provided	No

Our Products

Industrial Water Treatment Plant

AquaPure Demineralization

Water Treatment Plant With Softener

Industrial RO Plant

SS RO Plant

De Mineralization Plant

Gravity Filtration Plant

Industrial Ultra Filtration System

PureDrop Ultra Filtration System

Package Sewage Treatment Plant

Industrial Sewage Treatment Plant

Demineralization Water Treatment Plant
