Seamless brass body with wire mesh of S.S 304 grade. Depth 50mm with screening area 180mm.

200mm Dia. Stainless Steel Sieves

Seamless S.S body with wire mesh of S.S 304 grade. Depth 50mm with screening area 180mm.

300mm Dia. Brass Sieves

Seamless brass body with wire mesh of S.S 304 grade. Depth 75mm with screening area 265.

300mm Dia. Stainless Steel Sieves

Seamless S.S body with wire mesh of S.S 304 grade. Depth 75mm with screening area 265.

300mm & 450mm Dia. G.I. Sieves

G.I. body with wire mesh of S.S 304 grade.

- 300mm dia-Depth 75mm with screening area 265
- 450 mm dia- Depth 100mm.

450mm Dia. Brass Sieves

Seamless brass body (jointless) with wire mesh of S.S 304 grade having depth 100mm.

450mm Dia. S.S Sieve

Seamless S.S body with wire mesh of S.S 304 grade. Depth 100mm.

Wooden Sieves

Wooden body with wire mesh S.S 304 grade with screening area 7 inches by 9 inches

Gyratory Sieve Shaker

Cast body with a manual timer with a motor capacity of 180w, 0.25 H.P, 1440 RPM, 220/230v.

Digital Sieve Shaker

Fabricated body with digital timer & motor capacity of 180W,
0.25 H.P , 1440 RPM, 220/230 V.

Cube Moulds

Cast iron body with inner dia 150mm*150mm
weighing 7.5kgs

Density Basket

M.S body with G.I wire mesh & capacity of 200mm
I.D & 200mm depth.

Hammer Dolly Core Cutter

100 mm Pipe ID / wall thickness 3mm / 130 mm long / beveled at one end with Solid mild steel bar Diameter 140 mm & 75 mm height screwed centrally 25 mm bright MS bar. Total height approximately 900 mm of both MS bar. 100 mm I.D. Pipe , 25 mm height , wall thickness 7 mm beveled to fit on steel cutter

Brass Pipe

Sizes are as per requirement

SLUMP TEST APPARATUS

Steel Octagon Base Plate (8 faces) with carrying handle. Graduated Tamping Rod 16mm Dia x 600mm long with one bullet end. Lump cone having base 200mm

VIBRATING TABLE

Size 20 inches by 20 inches

RAPID MOISTURE METER

Chemical 0-50% direct reading gauge complete in box. Speedy moisture meter that are used for determining the moisture content of materials in powder form i.e. soil, sand, coal, pottery slip, cement etc
