

# LG90 Pilger Die Product Catalog

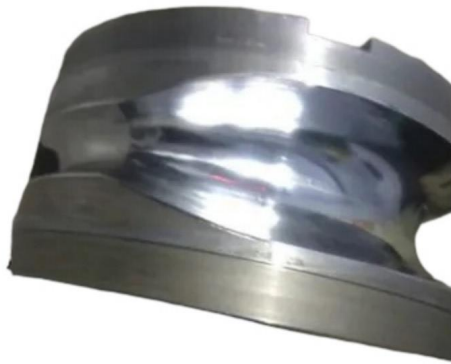

LG90 Pilger Die is a high-precision industrial die designed for cold pilger mill operations. It is manufactured using premium grade alloy steel for superior durability, dimensional accuracy, and long operational life. The die is suitable for seamless tube and pipe manufacturing industries.

Specification	Details
Product Name	LG90 Pilger Die
Usage	Industrial
Material	Alloy Steel
Color	Silver
Surface Finish	Polished
Application	Tube & Pipe Manufacturing
Hardness	High Strength
Corrosion Resistance	Yes
Working Process	Pilgering / Rolling
Product Type	Industrial Die

## Product Images - Multiple Angles

**Features:**

- High dimensional accuracy
- Excellent wear resistance
- Long service life
- Precision engineered construction
- Suitable for heavy industrial applications
