About Us

Shree Krishna Technomac is a trusted manufacturer and supplier of precision-engineered Pilger Die and Mandrels. Headquartered in Chhatral, Gujarat, India, we have been serving the metal forming and tube manufacturing industries since 2017. With a strong commitment to engineering excellence, we strive to deliver products with productivity and Quality assurance that match global standards in both performance and durability.

We manufacture a wide range of specialized pilger tooling including all types of Pilger Die & Mandrel. These components are essential in cold pilgering operations, and our products are crafted with precision to ensure reliable results and high operational efficiency in critical forming applications.
