

*Manufacturer, Exporter, Trader, and Supplier of Industrial Machinery*

### **INDUSTRIAL SHRINK TUNNEL MACHINE**

*Quality that lasts is served by us!*

Aloe Vera Gel Extraction Machine, Apple Corer And Slicer Machine, Automatic Ginger Paste Making Machine, Automatic Hydraulic Juice Press, Automatic Hydro Machine, Automatic Paste Making Machine, Bottle Washing Machine, Bubble Washer, Can Body Beader, Canning Retort, Colloidal Mill, Crown Corking Machine Pedal Model, Double Mango Pulper, Double Seamer 1 ADS, Electric Fruit Juicer, etc.

**ALOE VERA GEL EXTRACTION  
MACHINE**

**HEAVY DUTY CROWN CORKING  
MACHINE**

**CROWN CORKING MACHINE PEDAL  
MODEL**

## About Us

We are one of the leading manufactures of various high quality food processing machinery like Mango Pulper, Crown Corking Machine, Pickle Processing Machine, Fruit Mill Crusher, Hammer Mill, Bottle Washing Machine, Industrial Hydro / Dryer, Potato Peeler, Paste Making Machine, Juice Press, Juice Extractor, Stainless Steel Storage Drum, Cooking Kettle, Cooking Pan, SS Working Table, Storage Tray, and many more. For our rich industry experience of 10 years, we clearly understand clients' requirement and thereby provide unparalleled quality of pulp extraction machinery, bottle filling equipments, pickle machinery, namkeen machinery, food processing machinery, Vegetable Washing Equipment, Fruit Washing Equipment, etc. In addition to this, we provide our customers with hand operated fruit juicer, paste making machine, bubble washer, rosing machine and bottle washing machine.

Incorporated in the year 2000, Raman Industries are reliable manufacturer and supplier of vast assortment of high quality Food and Vegetable Processing Machinery. The detail range of our products includes pulp extraction machinery, pickle machinery, bottle filling equipments, namkeen machinery, food processing machinery, Vegetable Washing Equipment, Fruit Washing Equipment, and many more. In addition to this, our final products are examined on the basis of various parameters like power consumption, corrosion resistance as well as finishing. Our quality tested machines are used in the processing method of Fertilizer, Food, Cosmetic as well as Spices. We are guided by our respected mentor, Mr. Amrik Singh Matharu, who is a expert Mechanical Engineer by profession. He has 35 years of long experience of working in various famous engineering companies. With his support and guidance, we have emerged as a leading company in the industry of food & vegetable processing machinery.

## Key Facts

|                                       |   |
|---------------------------------------|---|
| <b>Nature of Business</b>             | Manufacturer  |
| <b>Primary Competitive Advantages</b> | stainless steel tanks,hydraulic briquetting press,basket press juicer,screw press,lemon cutting machine,pickle mixer,bottle washing machine,fruit cutter,high speed blender,high speed stirrers |
| <b>No of Staff</b>                    | 6   |
| <b>Year of Establishment</b>          | 2000  |
