About Us

Our company, Prairies Partners Global Solution, is known in the market as one of the leading manufacturers, suppliers, and exporters of products naming Overhead Water Tank, Zincalume Steel Overhead Water Tank, Zincalume Steel Water Storage Tank, Zincalum Grain Storage Silos, Effluent Treatment Plant, and more. Over the years, as global concern for environmental safety increased, so did the demand for these items. Being a responsible part of the human species, we came into this business with the goal of doing our part in environmental conservation. To ensure the safety of people operating them and efficiency, we make sure that only the best-quality raw materials go into their manufacturing. Thus, we procure premium-quality raw materials from trusted vendors in the industry. These people are chosen after thorough market research, and the quality of their products is tested before use.

An idea that originated in overseas finally found its way to the interior of our country. Since our founding, in 2022, in Ghaziabad, Uttar Pradesh, India, we, Prairies Partners Global Solution have expanded our scope of expertise to include water treatment systems and storage tanks in addition to grain management solutions. Planning, engineering, manufacturing, and post-installation assistance for silos, water storage tanks, and water treatment systems are the areas of expertise of our company. Our goal is to surpass the expectations of our clients by offering top-notch services at reasonable costs. We manufacture, supply, and export products like Industrial Zinc Aluminium Water Storage Tank, ETP Storage Tank, Zincalume Steel Water Storage Tank, Zincalum Grain Storage Silos, Effluent Treatment Plant, and more. Apart from that we offer Water Treatment Plant Services to our clients.
