# Business Overview

Founded in 2020 in the picturesque town of Dharmanagar, Tripura, Eco Cutlery is a pioneer in sustainable dining solutions. Eco Cutlery's pieces are 100% eco-friendly, safe, hygienic, and aesthetically-pleasing. Eco Cutlery stands for biodegradable and disposable serve-ware made from areca sheaths that have fallen off naturally from the trees.

## Biodegradable Materials are Being Promoted Actively **By The Government**

**KNOW  
WHY**

- a** To address the environmental impact of plastic waste.
- b** To mitigate threat to delicate ecosystems.
- c** To further the use of naturally decomposing materials vis-a-vis plastic.

Switch to **Eco Cutlery today**  
*It Make Sense*

## 1 100% Natural

We use only **Arecanut palm sheaths** to create our biodegradable serve-ware. Natural sheaths that fall from the palm trees are sourced from arecanut plantations through our community outreach programme.

## 2 Solid and Sturdy

Areca sheaths from which the products are manufactured are solid and sturdy. They are quite **suitable to be served at Food Trucks, Takeaways, Catered Events, Offices and Cafeterias**. They are wonderful eco-friendly alternatives to polystyrene / polypropylene / polyethylene tableware.

## 3 100% Chemical Free

Eco Cutlery products are chemical-free and have 0 health hazards being entirely organic. This ensures you are **high on hygiene and safety enabling wellness** of your family and guests.

## 4 Microwave Proof

Piping hot khichdi, vada and pakoda? No problem. Go right ahead and serve on Eco Cutlery ware that is perfectly **designed to withstand the high temperatures** of hot food items.

## 5 Eco-friendly

Say "Hello!" to a better Earth. Our serve-ware is **100% compostable**, and a better alternative to plastic and plastic-coated materials. When you use **Eco Cutlery**, you help reduce ecological footprint.

## 6 Sustainability

Our sustainable ware benefits the planet by focusing on **waste management**, pre-serving energy and maintaining top class hygiene standards.

## 7 Lower Carbon Emissions and Biodegradable

Much better than any plastic or artificial alternative, 100% compost friendly our products show you **love the planet**.

## 8 Improving Social Footprint

Each time you buy Eco Cutlery, you contribute towards **creating jobs in rural India** and sustaining livelihood for families involved in the production of our dinnerware. You help by supporting our steadfast commitment to community development.

## 9 Zero-wastage

Disposal is fuss-free and quick because no waste segregation is required with **Eco Cutlery**. It is safe for animals and totally **bio-degradable**.
