About Us

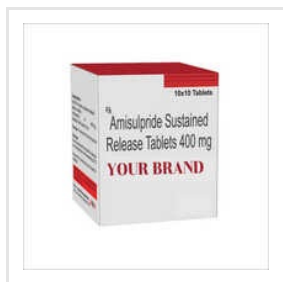

In the domain of medicines and drugs, we, Medicine Market, have become a trustworthy company. We have achieved this reputation in a very short time as we started business in the year 2022. Today, many companies and clients rely on us to receive the finest quality Digestive Enzyme Syrups, Doxepin Hydrochloride Capsules IP, Azithromycin Lactic Acid Tablets, Ceftriaxone For Injection IP, and other medicines. These are known for showing potentially faster effects with fewer or zero side effects. The highly effective range we are offering is possible because of the top brand value of their original manufacturer who are certified and licensed in India. With our strong and strategic alliance with the vendors, we promise the delivery of qualitative and authentic medicines. We uphold a respectful status in the industry, which we built through our quality-driven strategies and hard work. By maintaining the same, we aim to reach a national level of success & prosperity so that the maximum number of required customers can use our products for solving their health issues.

Medicine Market was inaugurated in the year 2022 to serve the nation with quality medicines. We are trading and supplying a wide range of syrups, injections, tablets, and capsules. Our product range includes Danazol Capsules, Amisulpride Sustained Release Tablets 400mg, Alkalizer Syrups, Ceftriaxone For Injection IP, etc. These are acquired from the reputed and authentic brands of India. Hence, their effectiveness is assured. We have good associations with the vendors that allow us to secure a progressive position in the domain. We are working from our head office in Vadodara, Gujarat, India. Here, we have all the resources that help us in fulfilling the large orders on time.
