About Us

Envisioned to become the leading business entity in the domain of manufacturing industrial pumps, we, Heliflow Pumps, have concentrated all our efforts towards achieving high quality standards. Incepted in the year 2006, we are a partnership firm operating under the able guidance of our mentor Mr. B. Thameem Ansari. Backed by his in-depth knowledge and vast experience, we provide complete solutions for various pumping requirements. Our mission is to develop strong market presence and reach to untapped markets by offering innovative products and services. We are also aimed at maintaining amicable relation with our customers based in India as well as overseas.

We are an eminent manufacturer, exporter and supplier of Screw Pumps, Positive Displacement Pumps, Helical Rotor Pumps, Eccentric Screw Pumps, Grouting Pumps, High Pressure Pumps, Slurry Pumps, Industrial Helical Pumps, Mining Pumps, Dosing Pumps, Grouting Machine, Metering Pumps, etc. Fabricated in compliance with industrial standards, our range of pumps caters to process industries like Chemical, Pharma, Fertilizer, Ceramics, Sugar, Food Processing, Paper, Effluent, Textile, and others. In addition, we also offer other Spares of globally renowned brands like Seepex, Mono, Moyno, Netzsch, Alweiler, and more.
