

# TECHNICAL PRODUCT SPECIFICATION

Precision Cylindrical Component Data Sheet

## 1. Visual & Geometric Profiles

## 2. Certified Product Parameters

|                  |                                            |
|------------------|--------------------------------------------|
| Product Type     | Precision Gudgeon Pin / Dowel Pin          |
| Material         | High-Grade Hardened Steel (Polished Alloy) |
| Size             | Standard                                   |
| Shape            | Round / Cylindrical                        |
| Surface Finish   | Polished / High Mirror Chrome              |
| Lubrication Type | Oil, Grease Compatible                     |
