About Us

We, Diamond Pack Technology, would like to introduce ourselves as a company, whose strength lies in its ability to think of the best packaging solutions and then perfectly manufacture them. We are renowned as a manufacturer that provides reliable Industrial Form Fill Seal Machine, Seeds Packaging Machine, Horizontal Flow Wrap Machine, Banana Chips Packaging Machine, Multi Track Machine, Filling Machine, 10-14 Multihead Weigher Machine, and many other machines. In addition to offering packaging machines in many models and specifications, we custom-design machines as per the particular requirements of customers.

The markets for packaging machines are quickly evolving, bringing new and unique concepts for customers. In these markets, Lean Production and Just-in-time work are the key concepts that our customers operate in. With our hi-tech machines, we perfectly meet the market demands. We utilize our experience and engineering expertise to attain customer satisfaction and meet the industry demands. Furthermore, our well-equipped infrastructure gives our team members the required strength and maintain a safe and functional environment for workers.
