# COMPANY PROFILE

We, Melsi Pravas Engineering are a wholly owned subsidiary of parent company “**Akshar Engineering Works**” that was established in 1991 based in Vadodara, Gujarat, India.

Initially, the business of our company was to the tune of adopting latest technology as well as installation of additional machinery & equipment. Now, we have expanded our scope of jobs into Sheet Metal Fabrication and CNC Punching Services. With the backing of latest manufacturing facilities, we manufacture Modular Lab Furniture, Anti Vibration Table, Electric Meter Enclosure, Electric Panel Enclosure, Storage Cabinets, Modular Office Furniture, etc. Each product is well engineered in sync with the industry norms.

## **Quality Assurance Strategy**

Customer satisfaction is of paramount importance, and we strive for betterment in every aspect be it product design, functionality, performance and durability. Our range is offered at competitive prices. We have been executing each order with precision, and make sure that consignments are delivered within the promised time frame and as per specifications.
