

Industrial Rubber Anti-Vibration Mount Specification Sheet

4-Side Multi-Angle Frame View (1000 × 1000 Pixels Composite)

4-Side Angle Composite View

Component Technical Specifications

Product Type	Heavy-Duty Industrial Rubber Anti-Vibration Mount / Expansion Joint
View Layout	4-Panel Grid (Front Profile, Isometric Top, Side Bellows, Isometric Bottom)
Resolution Format	1000 × 1000 Pixels Composite Frame
Construction Material	High-Damping Elastomeric Bellows with Precision Flanged Metal Mounting Plates
Primary Application	Mechanical Vibration Isolation, Shock Absorption, and Thermal Expansion Control
