

Chikki Packing Machine

Features & Advantages

Product applications	Chikki
Sealing type	Center sealing, 3 side sealing
Motor	Servo motor system
Roll Width	Width : 140mm to 300mm
Feeding system	Conveyor feeding system
Electrical Supply	220V, Ac, single phase, 50Hz
Packing film	Any heat sealable laminated roll
Machine control through	Controller/PLC
Contact parts	Stainless Steel
Heater Load	150 w x 2 Nos; 350 w x 2 Nos
Temperature controller	PID based
Machine speed	25-50 Pouches per min (Depends upon quantity and product)
Power Consumption	3 kw approx
