## About Us

Established in 2006, we, GLOBALHEALTH SOLUTION, are the supplier, exporter, and trader of a huge array of high-quality pharmaceutical items. This array consists of Abciximab, Azithromycin Tablets, Isotretinoin Capsules IP, Ciprofloxacin Eye Drops, Clotrimazole Vaginal Gel, etc. Several of our products come from well-known Indian pharmaceutical firms. Every product is known for its high effectiveness. This is a result of their formulation employing ingredients of the highest caliber. These pharmaceutical products also have a lengthy shelf life. We have the support of a competent and trustworthy team. This team ensures that these items reach our customers on time. It also makes sure that they are in perfect condition.

A sister concern company of Dhanshree Medical, we, Globalhealth Solution, were established in 2006 as a supplier, exporter, and trader of a wide range of high-quality pharmaceutical items. This range has Abciximab, Azithromycin Tablets, Isotretinoin Capsules IP, Ciprofloxacin Eye Drops, Clotrimazole Vaginal Gel, etc. Many of our products are from major pharmaceutical companies in India. Every product offered is highly effective. This is because they are formulated using optimum-class ingredients. Moreover, these pharmaceutical items have a long shelf life. These products are offered to our customers at reasonable rates. We are an export house with government approval and an ISO 9001:2015-certified company.
