TM-5350

TM-5355

The all-new 36" **imagePROGRAF TM-5355** and **TM-5350** large format printers empower every print delivery with enhanced scanning operability and printer processing power, delivering high quality CAD drawings, photos and posters. Redefine your workplace productivity with a seamless, swift and reliable print partner.

Printing Productivity Driven By Swift Efficiency

Push printing productivity forward with the all-new 36" **imagePROGRAF TM-5355** and **TM-5350** large format printers, which offer powerful scanning and printing capabilities, alongside versatile multi-application printing for engineering firms to drive greater business efficiency overall.

Swift and Productive

The new **L-COA PRO II high-speed imaging processing chip** facilitates swift startups from sleep mode as well as continuous printing by providing improved data processing power, improving overall printing efficiency.

Print Speed

Conventional printers →

TM-5350/TM-5355 →

More than 20% faster*

*Based on Canon internal testing using plain paper with continuous printing of A1 page per min

Enhancing Prints with Vivid Red

The **brand new magenta ink** offers a more vivid red on CAD drawings, posters and photos that help to improve clarity and details.

Borderless Printing Made Easy

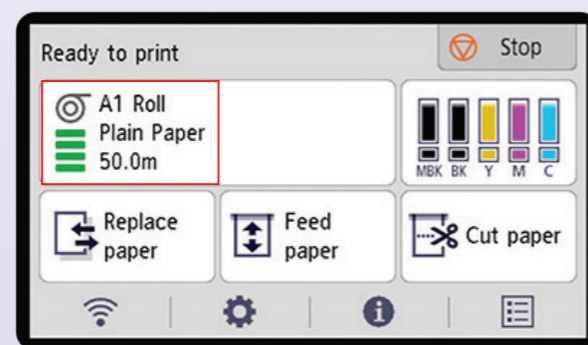

Borderless poster printing on any size of roll paper is possible with the TM-5350 and TM-5355.

Making User Operation Easy

The new design of the printer features a **flat top space** for roll paper replacement or for placing output prints.

The **automatic paper type detection** allows for easy viewing of paper media details and the balance of roll paper within the printer.

Smoother, Easier Workflows

Streamline how you manage workflows with convenient and intuitive software applications.

Direct Print Plus

The Direct Print Plus feature allows you to **print PDF or JPEG files in batches** with custom templates with minimal effort.

Free Layout Plus

Documents can be resized easily with Free Layout Plus, which allows files to be dragged and dropped into the software for **easy document resizing to specific paper layouts**.

Accounting Manager

Monitor and **keep track of print usage** with ease using the Accounting Manager application.

PosterArtist

Design vibrant posters for your needs with minimal effort using the PosterArtist application.

Scanning with Efficiency

The **Lm36 scanner** can be used with the TM-5350, which comes with improved scanning functions that boost productivity and operability through a **maximum paper thickness of 0.8mm** alongside featuring **brand new transparent guides**.

The **TM-5355** is able to utilise the **Z36 scanner** which offers easier troubleshooting by providing a **web manual link** when a printer error occurs. It also features a roll removal button, alongside effortless information retrieval of the **amount of roll paper remaining** in the printer.
