About Us

Smell enhances life by bringing back memories and feelings. It evokes various emotions, such as love, life, security, and more. Fragrant flowers and strong scents influence our experiences and help us feel deeply connected to our environment. Camphor, agarbatti, and dhoopbatti are widely used all over the country in religious ceremonies, and their smell plays a huge role in their selection. To cater to their high demand and offer our clients a unique range of highly aromatic smells, our company, Quality Groups, was founded. We are a leading manufacturer and supplier of products including Agarbatti Perfumes, Camphor Tablets, Camphor Powder, Dry Dhoop Sticks, Perfumed Premium Incense Sticks, and more. Our product range is customized after a lot of thorough market research and keeping in mind the requirements of our clients. Premium packaging ensures that our products reach our clients in a safe manner and that their quality remains untouched. Additionally, we also offer financial and construction services, thus earning the name of being a reliable service provider. All our products and services are available for our clients at market-leading costs.

Quality Groups was founded in 2015 in Tiruvannamalai, Tamil Nadu, India. We manufacture and supply items including Jasmine Incense Sticks, Cup Sambrani Dhoop, High Quality Incense Sticks, Dry Dhoop Cone, Edible Champhor, and more. All these items are stored systematically in our capacious warehouse area. We have divided the whole area according to the product specification. It helps us manage our inventory to the best of our ability and cater to the bulky and urgent requirements of our clients. Moreover, we also offer financial and construction services.
