About Us

AB Refrigeration is a leading manufacturer and supplier dedicated to delivering world-class refrigeration and air conditioning solutions. Based in India, we specialize in a premium range of products including Air Conditioning Copper Pipes, Freon Cold Storage Rooms, Outdoor Condensing Units for Cold Rooms, and Cold Room Condensing Units. Our products are designed to meet the ever-growing demands of industries such as food processing, pharmaceuticals, hospitality, and warehousing, where efficiency, durability, and reliability are paramount.

We combine advanced technology with superior engineering practices to create solutions that ensure optimum cooling performance, energy efficiency, and long-term sustainability. Our copper pipes are manufactured to precise standards, ensuring excellent conductivity and durability, while our cold storage solutions are tailored to preserve perishable goods with maximum efficiency. At AB Refrigeration, quality is our top priority. Every product undergoes stringent testing and inspection to guarantee compliance with industry benchmarks. Backed by a modern manufacturing facility and a team of skilled professionals, we are capable of handling bulk as well as customized requirements.
