About Us

Mahaveer Rubber Industries was started by Mr. Sourabh Jain in 2013. The company was started after analyzing high market demands for several rubber products and plethora of opportunities present in this business world. Right from the start, we have been grabbing the maximum number of market opportunities and meeting market demands for several rubber products.

Our portfolio consists of high grade Rubber Rollers for "Printing and Packaging Industries" Sheet Fed and Offset Machines, Ink Rubber Rollers, Dampening Rollers, UV (Combi) Rollers, Rider (PU) Rollers, Line Omatic Rollers, Lamination Rollers, Rotogravure-Flexo Rollers, Silicon Rollers, Re-rubberizing work, Ready to Installation Rollers, Folding Machine Rollers, Polyurethane (PU) Rollers and many other products.. We get support from our highly skilled professionals to develop products and carry out all the trade activities. The offered products are praised for their resistance against abrasion, smooth surface and accurate design.
