

# Quartz **POWDER**

Perfection is our forte, Quality is our Soul

A Grade Potash Feldspar, A Grade RCC Clay Lumps, A Grade Soda Feldspar Powder, Aluminum Oxide Powder, Ball Clay, Bentonite Clay, Calcined Dolomite Powder, Calcium Carbonate Powder, Calcined Bauxite Powder, High Alumina Fire Clay, High Grade Carbon Powder, Kaolin china Clay, Quartz Powder, etc.

**A GRADE SODA FELDSPAR POWDER**

**ALUMINUM OXIDE POWDER**

**BENTONITE CLAY**

## About Us

Shounik Export is dedicated to providing high-quality industrial minerals and powders to meet the dynamic needs of a wide range of industries. As a trader and supplier, we concentrate on our ability to deliver consistent, pure and performance driven material solutions. Our success is built on the quality of our raw materials and the quality of each product before it reaches our customers. Through a commitment to excellence, we have established strong client relationships where clients depend on us for consistent and effective supply solutions. Product range includes Aluminum Oxide Powder, Bentonite Clay, Quartz Powder, Calcined Bauxite Powder and Calcium Carbonate Powder. The materials are used in many industrial applications because of their good chemical resistance, homogeneity and reliable performance. Through constant monitoring of quality and processing, we can deliver consistent results and precision to different application needs with confidence.

Quality is our core principle in all that we do. Careful sourcing practices, advanced processing techniques, and strict quality control measures help maintain consistency in particle composition and material performance. All products undergo an evaluation process to meet customer requirements and industry standards. The focus is not just on providing materials, but also on providing solutions that will improve operational efficiency and productivity. The company's efficient supply capabilities, product customization, and customer satisfaction have made Shounik Export a trusted name for clients looking for reliable industrial mineral solutions. Our professionalism, integrity and customer-focused approach continue to build our strength, and add value to businesses in challenging industrial environments.
