About Us

Our company, Hinduja Power Solutions, powers up the everyday lives of our clients by offering them products and services related to elevators. We hold a reputation for being a reliable manufacturer, supplier, and trader of Three Phase Transformer, Industrial Transformer, Silent Generator, Automatic MRL Elevator, Home Hydraulic Elevator, and more. Our product range is known to be highly efficient, durable, and robustly constructed.

We conduct several quality check inspections to make sure they work perfectly and can run for a long period of time. What makes their quality on par with international standards is that we use premium-quality raw materials for their manufacturing. The quality of our products meets and exceeds the set standards of quality and regulations. Setting us apart from our competitors, we have kept the price of our offerings as low as possible. Moreover, with the backing of our strong logistics and delivery teams, we ensure the timely delivery of all products. We are also known in the market as one of the most reliable service providers. The services we offer our clients include elevator installation. We have appointed a separate team of experts for the same, who help us ensure that any service-related projects that come our way are completed promptly within the promised time frame.
