About Us

Established in 2007, we, Mercury Enterprises, are known among the leading manufacturers and suppliers of premium quality Industrial Sheds and Roofing Systems. In all these years in business, we have showed expertise in designing commercial and industrial roofing systems with Prefabricated Marriage Hall Shed, Industrial Roofing System, Metal Roofing System, Mill Trussless Roof, etc., being a few of our major products. These products are demanded by customers for their sturdy design, precise dimensions, and structural strength. We use premium grade raw materials sourced from dependable sources for producing the entire range, which makes our products resistant to corrosion and lend them firm structures. Additionally, we have extensive expertise in offering highly professional Consultation Service, Designing Service and Installation Service as a licensed service provider. Our services are highly regarded by clients for timeliness and affordability.

We have a well-equipped infrastructure, which integrates a high-tech manufacturing plant, an in-house quality testing unit, and an expansive warehousing facility for stocking our products. An in-house quality control unit has also been erected to check every product as per stringent regulations and established industry standards. We have a team of qualified experts that assures the highest level of quality in all of our products. We employ skilled logistics personnel too to ensure defect-free product delivery, nationwide.
