About Us

Laboratory, sterilizing, industrial and research equipment that deliver repeatable and reliable conditions can be found here at Micro Technologies. We are approached by clients from leading research institutions, academic teaching areas and labs from around the Indian market for buying freestanding and benchtop models of various equipment. Our range of exceptionally high-quality products like Centrifuge Machine, Flow Cabinet, Germinator Machine, Hot Plate, Inoculation Chamber, etc., is fabricated at our own factory combining functionality, simplicity and ruggedness of designs. Our years of experience in the industry speak volumes as we also offer post sale service of the best kind, along with a world class product range.

We, Micro Technologies, work hard to stand out in the market with our fully quality guaranteed line of lab, sterilizing and other equipment. We manufacture equipment complying to client needs at our purpose-built plant in Ambala Cantt, Haryana, India. We can develop suitable solutions like Laboratory Bath, Laboratory Oven, etc., as we are also empowered by a team of engineers, technicians and researchers that knows how to build and offer products anticipating client needs. They all take inspiration to work from our talented owner, Mr. Dushyant Chauhan, who with his intensive experience and business background continually guides the team to deliver the best outcomes, under all circumstances.

| OEM Service Provided | No |
| Memberships | Yes |

Our Products

Aluminium Laboratory Autoclave

Laboratory Autoclave

Double Wall Vertical Autoclave

Vertical High Speed Pressure Autoclave

Horizontal High Pressure Autoclave

Glass Bead Sterilizer

Laboratory Centrifuge Machine

Rectangular Centrifuge Machine

Tissue Culture Rack

Melting Point Apparatus

Microprocessor Controlled Melting

COD Digestion Apparatus

Melting Point Apparatus Automatic

Medico/Clinical Centrifuge/Doctor

Autoclave Laboratory Portable

Autoclaves (Vertical) Double Wall
