## About Us

Exquisite Pharma, a journey that began with a vision to make a difference in the pharmaceutical industry, has its roots dating back to the 80's. Our story started with three retail medical stores Noble Medical in Kurla, Lokpriya Medical in Dahisar, and Mangal Medical in Lower Parel. These humble beginnings laid the foundation for our future endeavors.

In 1987, we established Mangal Medical Agencies Pvt. Ltd. (formerly known as Mangal Medical Agencies) in Lower Parel, our first distribution firm. This marked the beginning of our expansion into wholesale distribution. Over the years, we added several sister concerns, including Mangal Pharmacare LLP (formerly Mangal Pharma) in Vashi, Mangal Distributors in Borivali, Mangal Marketing in Lower Parel, Mangal Enterprises in Cotton Green, and K V Pharma Pvt Ltd in Mazgaon. These strategic additions enabled us to become a stockist for almost every second company in the market.
