## **PACKAGING**

MAINTAINING QUALITY OF THE PRODUCT IS OUR HIGHEST PRIORITY BUT WE TAKE CARE OF PACKAGING OF THE PRODUCTS WITH EQUAL IMPORTANCE SO THAT OUR HARDWORK DOES NOT GO IN VAIN AND THE PRODUCT REACHES SAFELY AT THE DESTINATION.

### **HOW DO WE ASSURE THAT?**

WE DEVELOPED A 3 LAYER PACKAGING PROCESS THAT WILL ENSURE IT'S SAFETY. THE FIRST LAYER IS WHERE WE WRAP THE PRODUCT WITH POLYSTYRENE OR COMMONLY KNOWN AS THERMOCOL, THE SECOND LAYER IS WHEN THE PRODUCT ALONG WITH THERMOCOL IS WRAPPED IN BUBBLE PAPER AFTER WHICH IT IS COVERED BY A CARDBOARD SHEET AND PLACED INTO A WOODEN CRATE AND TIGHTENED TO ENSURE NO MOVEMENT DURING TRANSPORT.

FOLLOWING SUCH A SYSTEM, THE PRODUCT HAS NEVER BEEN DAMAGED HOWEVER IT IS CARRIED BY THE TRANSPORTATION COMPANY.
