About Us

Lamba Press & Shears is a reliable company, sincerely committed to enhance the sheet metal fabrication capabilities of the manufacturing industry. We have been continually working to achieve the manufacturing-excellence with a range of durable, corrosion-resistant, and high-performing Press Brake Machine, Over Crank Shearing Machine and many more. The machines that we offer come with augmented hydraulic ram that allows bending and other works of heavy material as well. Electronic automation and RAM control of the machines help in delivering consistent results while bending and shearing. Our machines can work upon a variety of tools, with computer-adjustable speed and stroke. As a Manufacturer, we put ourselves out to add value by improving upon the features of our products such as easy operations, heavy-duty castings, noiseless operations and most important its accuracy in delivering results.

Established in the year 1980 with an annual turnover of 5 crores, we have gained a reputed position in the market by developing the products through standard techniques. As an Exporter too, we have a dedicated team that identifies our vendors and the market requirement through thorough research due to which our business has gained immense success in the market. We also focus on our machines' potential that helps our organization to take a lead in the market. We do not dwell upon our past successes and laurels but rather keep on progressing step by step by approaching the limits to ensure customers delight. Our company works with a purpose to gratify our patrons with our resourceful products.

Key Facts

No of Staff	60
Year of Establishment	1980
No of Production Lines	1
OEM Service Provided	No
Monthly Production Capacity	7-10 Nos

Our Products

CNC Press Brake

Hydraulic Press Brake

**Hydraulic CNC
Shearing Machine**

**Industrial Ironworker
Machine**

**Mechanical Over Crank
Shearing Machines**

ADDRESS

**Khasara No-57/11/1/2/2, Village
Dhaturi, Tehsil Ganour, District
Sonipat, Delhi, Delhi, India
(110015).**
