About Us

We, Chirag International, specialize in manufacturing a comprehensive range of premium quality products designed to enhance living spaces. Customers who have purchased Mosquito Net, Invisible Grills, Rollup Screen, Aluminium Mesh, etc. from our podium are impressed with the quality. As a manufacturer and supplier of the mentioned products, we have gained immense popularity in the market and gathered a wide customer base. Owing to the modern production facilities at our unit, we are able to design and develop the products in bulk without compromising on quality. A strong team of professionals is hired in all our departments who carry out every single task with perfection as per the predefined guidelines.

Chirag International is located in Mumbai, Maharashtra, India, and serves nationwide customers with its quality range. Our product portfolio includes Nylon Bird Net, Bird Spike, Invisible Grills and a lot more products. Since our establishment in 2018, we have been serving customers with quality products and in an ethical manner. We are an ideal destination on all grounds to make purchases of the mentioned products, and our past records support the same.
