SANJAY AGRAWAL

We are built on the pillars of unmatched quality, customer satisfaction, reliability, and shared commitment to deliver operational excellence every step of the way.

# The reasons we stand out

## 1.1 Trusted Quality

Rigorous quality assurance programme to ensure durable, high performance garments.

## 1.2 Dependable Delivery

Reliable forecasting and delivery systems to make sure our customers never run out of stock.

## 1.3 User Centric

Uniforms manufactured for functionality, sizing, comfort, and branding needs of users.

## 1.4 Sustainable Impact

Commitment to greener future through Gaia series, empowering women to financial independence.

**Trusted Quality**

**1.1**

# Flawless quality since 2007

Our commitment to quality is reflected in our record of zero returns since our founding in 2007. Every product is manufactured adhering to globally recognised certifications such as ISO 9001:2015, Sedex, Wrap and UL. Our multi-stage independent quality checks include AQL 2.5 for garments and a 4-point inspection system for fabric.

[www.frenchterrain.in](http://www.frenchterrain.in)

**Dependable Delivery**

**1.2**

# Excellence delivered on time, in full

With rapid turnaround times and a proven track record of delivering over 4 millions uniforms every year, we ensure reliability in supply chain at every step. Forecasting and inventory systems guarantee consistent stock availability, while seamless logistics, multilingual customer support, and free shipping for FCL deliveries helps us achieve operational excellence.

[www.frenchterrain.in](http://www.frenchterrain.in)

FRENCH **F** TERRAIN

User-Centric

1.3

# Designed for comfort, built to last

Our uniforms are designed to meet the diverse needs of industries, combining functionality, practicality, and all-day comfort. With inclusive sizing, ergonomic adjustments, and women-specific fits, we prioritise wearability for every user. Made with viscose fabrics they deliver soft hand feel, breathability, and performance in demanding environments

[www.frenchterrain.in](http://www.frenchterrain.in)

**Sustainable Impact**

**1.4**

# Building a resilient future

Sustainability is woven in every thread. Our Gaia series leads the way in eco-friendly uniform solutions, using sustainable materials and processes to reduce environmental impact. Beyond products, we empower communities by providing meaningful employment, supporting a greener future, and fostering long-term societal growth.

# Success stories that drive us forward

We supply our customers  
awesome uniforms where every  
thread represents care, impact  
and our commitment to deliver  
meaningful value across all our  
business segments.

FRENCH **F** TERRAIN

# 40 days

reduction in leadtime for our customer to implement just-in-time delivery programme on Blazion Prime uniforms by creating a VIP supply chain corridor. Supported our customers' objective to eliminate inventory and improve cash flow.

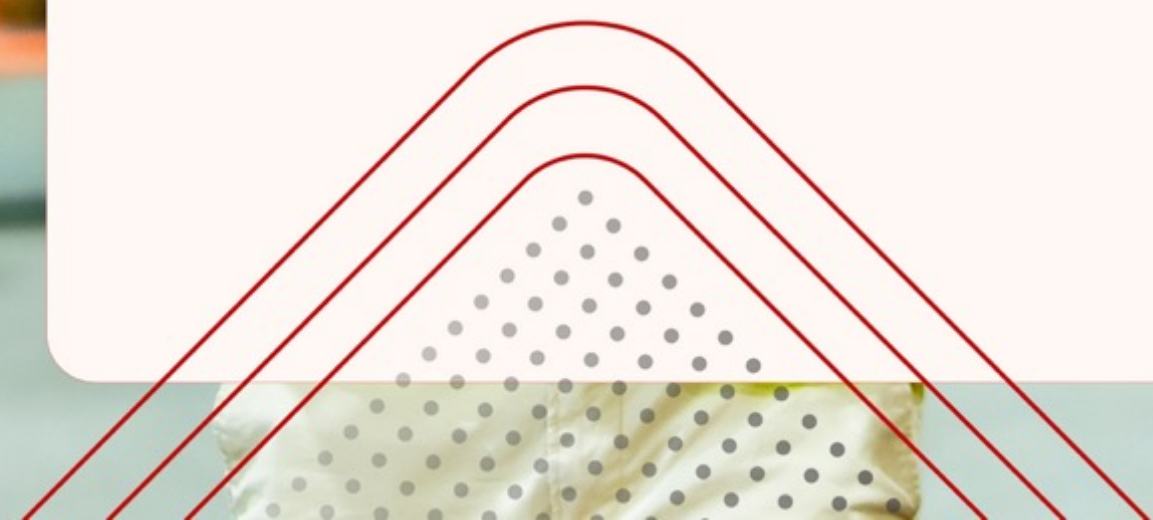

# 35MT

of plastic replaced with natural fibres by delivering 100K Blazion Gaia uniforms for a greener and cleaner FR uniform program to our customer. Added benefits included softer touch, enhanced breathability, lasting vibrancy, and light fastness.

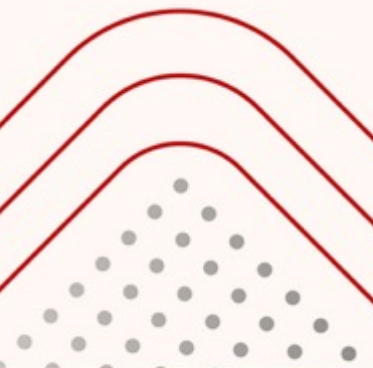

# 125K\$

savings delivered to our customer by implementing a uniform programme with Kitchencore and Frontline series. All products resisted pilling and used high quality cotton to eliminate all costs related to early replacement and third party inspection.

FRENCH **F** TERRAIN

# Uplifting women, enriching lives

Women comprise 90% of our workforce, reflecting our deep commitment to empowerment and inclusion. We have trained over 5,000 women in sustainable skills, enabling their transition from hazardous industries to safer, long-term livelihoods.

By prioritising transparency and equal opportunities, we create a positive, lasting impact on our employees and the communities they support.
