## About Us

R&R International is a prime Merchant Exporter of Activated Carbon, Carbon Black Powder, Aluminium Compounds, Barium Compounds, Calcium Compounds, etc. Incorporated in the year 2023, we have earned appreciation in the field of Activated Carbon industry. Our headquarter is located at the bustling city of Rewari, Haryana, India to provide efficient and sustainable solutions for multiple industries as well as applications. Our products are quite versatile due to unmatched composition and excellent adsorption properties.

R&R International is a major merchant exporter of activated carbon and carbon black powder. We provide tested products at competitive prices for providing great value without compromising on quality. We maintain trust in our long-term relationships with clients. We also maintain high quality and integrity in the products to provide the best to the clients. Whether in water treatment, air purification, or other industrial applications, our products are sure to provide the best results in every application.

## Key Facts

<b>Nature of Business</b>	Exporter
<b>Primary Competitive Advantages</b>	industrial solvents,pharmaceutical chemical,industrial chemical compounds
<b>No of Staff</b>	3
<b>Year of Establishment</b>	2023
<b>OEM Service Provided</b>	No
<b>Memberships</b>	Federation of Indian Export Organisation
<b>ProductRange</b>	industrial solvents,pharmaceutical chemical,industrial chemical compounds

**Our Products**

**4x8 Mesh Granular  
Coconut Shell**

**50x100 Mesh Granular  
Coconut Shell**

**8x30 Mesh Granular  
Coconut Shell**

**12x30 Mesh Granular  
Coconut Shell**

**14x35 Mesh Granular  
Coconut Shell**

**20x40 Mesh Granular  
Coconut Shell**

**Activated Carbon For  
Water Treatment**

**Gold Recovery  
Activated Carbon**

**Activated Carbon For  
Tobacco**

**Activated Carbon For  
Gold Mining**

**Activated Carbon For  
Pharmaceutical**

**Activated Carbon For  
Flue Gas Treatment**

**Activated Carbon For  
Personal Protection**

**Activated Carbon For  
Automotive Emission**

**Barium Hydroxide**

**Barium Sulphate**
