About Us

Multitek Auto Parts started its business operations in 2006 and it has been more than 15 years that we have been engaged in producing Straight Abutment Body, Coupling Wheel, Current Transformer, Lynx Bottom Plastic Case, Plastic Case Housing and allied products. After a humble beginning of the business, the company is growing steadily with the help of its team members. We have a modern facility of injection molding and a tool room through which we are designing & manufacturing our world-class products. With the right usage of our experience and expertise, we have secured a reckoned position of manufacturer, exporter and supplier in the national and international markets.

The operational unit of the company is situated in Obdenahalli, Doddaballapura (Bengaluru) which connects us with the major cities & towns of the country. To meet the ever-growing requirements of the customers, our professionals keep upgrading the infrastructure and machinery. We are providing end-to-end tooling solutions to different industries.
