## About Us

Since the incorporation in the year 1998, Ucon Capacitor have grown to be the most respected name in the electrical component industry. Owing to our production flexibility and engineering expertise and innovation, we have become a major manufacturer, supplier, exporter of premium quality Capacitors.

There are various types of Capacitors manufactured by our company, which includes Fan Capacitors, Motor Capacitors, Starting Capacitors and Running Capacitors.

With a staggering investment of over \$5 Million US today, and production capacity of around 39 million capacitor we proudly stand on the threshold of phenomenal outbound growth, adding value to our partners, customers and vendors, strongly contributing to the nation's industrial strength.

With an established presence of nearly 3 decades in the sector Ucon capacitor has now become the leader with its rich expertise and global standards. Ucon is well known brand of capacitor globally for its performance, realiblity and durability.

The rich quality of our product has been a key driver of our growth and prominence in capacitor industry.

# Our Products Range

## Our Clients

Duo that brings peace to your house

*You &*

## MILESTONE

**1998** Commenced operations at Unit I with  
Manufacture of starting capacitor

**2005** Started manufacturing running capacitor

**2010** Set up unit 2 with semi automatic plant  
for capacitor manufacturing

**2016** Set up fully automatic plant in Bawana  
Industrial Area, Delhi

**2018** Start exporting capacitor to different  
countries in world

**2023** Started Manufacturing Washing Machine  
and AC Capacitors

- High Performance
- Best Quality
- Maximum RPM

For a  
**BETTER**  
**TOMORROW**

*Where Trust Grows with Quality...!*

**UNIQUE**  
**ACCESSIBLE**  
**AFFORDABLE**  
**MANAGEABLE**

*Where Trust Grows with Quality...!*
