About Us

We, MESCO SURGICAL (An ISO CERTIFIED COMPANY), take this opportunity to introduce ourselves as a Leading Manufacturer and Exporter of world class Disposable Surgical Products and Medical Disposable Products. We have our own sophisticated manufacturing unit having Class 10000 clean room hygienic environment for manufacturing quality products, testing facility with latest equipment and qualified personal and ETO sterilization facility with on line recorder. With all this world class facility we assure about good quality, timely supply at competitive rates.

We, Mesco Surgical are an organization committed for quality. In order to provide our clients with the most hygienic and qualitative range of Surgical / Medical Disposable Products, we follow a Quality control policy that is in strict compliance with the ISO standards. We procure high grade raw material from reputed vendors and use them for manufacturing our range. We have also assigned quality controllers to supervise each and every stage of the manufacturing process to ensure optimum quality production. Sterilization process is also validated by different methods for each cycle to ensure product sterilization quality. Further, they also conduct thorough inspection of each individual product for all required parameters so that only the best is delivered to clients.

We, being a customer centric organization, give utmost importance to achieving satisfaction of our customers'. Thus, we strive to provide them with the most reliable and unmatched quality range of Surgical / Medical Disposable Products. We also provide customized products as per the specifications and drawings provide by our clients. Further, we guarantee our clients with effective packaging and timely delivery of products, as per their requirements.
