About Us

DSM EDM Engineering Products is a trusted manufacturer, trader, exporter, and service provider in the field of precision engineering machinery. We specialize in providing high-quality EDM solutions to industries across the globe. Our extensive range of products includes MEC SI Wire Cut EDM Machine, EFH SI Wire Cut EDM Machine, Economy DK Wire Cut EDM Machine, CNC EDM Drill Machine, Industrial EDM Drill Machine, etc. We understand the need for precision and reliability in industrial machining. Our products are designed to deliver exceptional accuracy and efficiency, making them ideal for applications that require fine, intricate cuts and minimal material waste. Whether you're working with metals, alloys, or other tough materials, our machines provide the reliability and performance you need.

Our machines are engineered to enhance the drilling process in an efficient, quality manner. They range from the smallest parts to larger and even more complicated pieces, depending on the demand from industries like aerospace, automotive, and manufacturing.

Key Facts

No of Staff	7
Year of Establishment	2021
OEM Service Provided	No

Our Products

CNC EDM Drill Machine

EFH SI Wire Cut EDM Machine

Industrial EDM Drill Machine

Economy DK Wire Cut EDM Machine

ADDRESS

**Shed No. 12/2, Opp. Saytam
Chemicals, Near Maruti Travel,,
Veraval Rajkot, Rajkot Gondal
Highway, Shapar, Rajkot,
Gujarat, India (360024).**
