# 3 PLY FACE MASKS

**WITH NOSE PIN**

**3 Ply mask with  
Melt Blown filter**

**OR**

**N95/KN95**

The 3 Ply Face Mask made with extra soft microfiber material which makes this half face mask comfortable and provides excellent breathability. The 3 ply surgical mask has high filtration capacity which keeps your face mouth covered and protected from germs, chemicals, dust particles, fluids, etc.

The right glove should not just fit – it should also be easy to change and above all, provide reliable protection against hazardous substances. We offers certified gloves of premium quality - safe and comfortable.  
Also, Anti-slip pattern for good grip in wet & dry condition

# HAND GLOVES

**POWDERED**

# BIOHAZARD WASTE BAG

Bags for biohazard waste are used in hospitals and other healthcare facilities to safely collect and dispose of hazardous medical waste such as linen, blood products, and materials contaminated with bodily fluids. These plastic bags are printed with words and symbols to identify the contents and encourage proper handling and disposal, protecting workers from unnecessary exposure and ensuring disposal procedures are followed.

*Bio waste bags are as per Bio Hazard guildlines*
